ATTN: Mr. Randy Hardin

RE: Reclamation Work, ACT/019/016 and ACT/019/017, Grand County, Utah

Dear Mr. Hardin:

This is to inform you that we have complied with the reclamation requirements on the above referenced project in accordance with the wishes of the property owner and in compliance with the application for a mining permit on this same project.

The grading was done as directed by the Taylor Livestock Co., Inc. of Moab, Utah and the seeding was accomplished by broadcasting the seed mixture as specified in the mining permit application.

We respectfully request that our bonding requirements be reviewed and reduced to an amount of no more than \$500 in order that our other funds now on guaranteed deposit (C.D. #132609) with First Interstate Bank for that purpose may be used more effectively in the operation of the corporation.

Please feel free to contact me if you need further information regarding the reclamation work.

Sincerely,

CRATER EXPLORATION, INC.
